

Future role of CCUS in Europe

Will Webster Director of Policy and Sustainability

21 September 2022

Oil & Gas | Hydrogen | CCUS | Offshore Wind

An Integrated Offshore Energy Sector

The North Sea Transition Deal – leveraging our offshore expertise into a wide range of new energy sectors

The Deal will require an internationally competitive and level playing field as part of a broader energy framework

Supply decarbonisation
cutting upstream Oil and Gas industry emissions through an ambitious production emissions reduction programme

Carbon Capture & Storage
enabling large parts of UK industry and society to eliminate emissions

Hydrogen
providing a realistic alternative for heating, heavy industry, and transport

Infrastructure delivery will be made reality through capability-related commitments that underpin the growth of the UK

Supply chain transformation
developing expertise that underpins energy-sector wide export growth from the UK, creating a globally competitive energy supply chain of international repute

People & Skills
securing, stimulating, and creating tens of thousands of high-quality jobs in industrial heartlands
